Glass Protection

Commercial / Residential

Project Name

Spec Type

Notes

## Product Overview

Madico Security Window Films offer a virtual invisible shield of protection for home and business. These durable window film helps hold glass in place upon impact, offering 24-hour/7-day window protection against intruders, storms, vandalism, earthquakes, even explosive blasts. They are available in a variety of thickness sizes depending on the level of

protection needed, and you can choose either a clear film, if you don't want the look of window film, or a shaded version if you are looking for added solar protection.
